### Villa I Cipressi Rosso Di Montalcino 2022, D.O.C. Ross Di Montalcino

*"There is enough Brunello to go around and the world needs a lot more Rosso di Montalcino." A personal quote and this from Villa I Cipressi located due south by southwest but still upon the village's main ridge is a perfect example to back up that statement. Dusty with the local balsamico savour that comes from the area's beautiful sandstones. Good 2022 warmth and richness and here so getable while still maintaining its youthful figure. Won't be the vintage to age but it will please many a palate for up to another two years. Drink 2024-2026. Tasted April 2024.*
