

## 91 Points

### Vega Clara Mario 2020, D.O. Rivera Del Duero

*High level concentration and heavy fuel from Ribera del Duero with that old-school meets new school mix of 75 percent tempranillo plus (25) cabernet sauvignon in three to one layers that just seems to repeat on end. The barrel influence is large and strong, fully typical and with five-plus years further in bottle there will be some sautéed mushrooms, truffle and candied notes coming through. High interest and complexity in a really full-bodied red. Drink 2025-2029 Tasted April 2024.*

Value Rating: ★★☆☆☆
